

Risk Assessment – Covid-19

Company name: Keighley Table Tennis Centre CIO

Assessment carried out by: Trustees

Date assessment was carried out: 07.05.21

Date of next review: 07.06.21

Keighley Table Tennis Centre (KTTC) is a multi-use facility with groups taking part in table tennis, archery, art, tai-chi and occasionally other sport/recreation activities. The facility is run by volunteers and generally, there are volunteers present at all structured sessions. Other than the Over 50s table tennis group, all other *group* sessions are run by external organisations who have their own constitution, committee and set of rules. The Over 50s table tennis group is a session run and organised by the facility (KTTC) themselves. KTTC also run a membership system whereby individual, paying members can access the facility to play table tennis with friends and family and often members will access the facility without official volunteers being present.

There is a 'main hall' which contains 8 table tennis tables in separated playing areas (separated by netting and barriers) at 10m x 5m with a 2.3m wide corridor running the full length of the facility. The playing courts meet the required dimensions set by Table Tennis England to achieve suitable social distancing. There is a lounge and kitchen area with limited facilities, a smaller hall at 24m30cm x 6m30cm and finally a conference room at 7m30cm x 6m30cm. In addition, there are two shower rooms and separate male and female toilet facilities.

The facility is cleaned regularly.

The facility is accessible 24/7 by paying members who use a door access code to gain entry. Within the facility there is a 24/7 CCTV system which can be accessed remotely by Trustees and covers all areas of the facility.

This risk assessment is specific to the potential risks posed by the Coronavirus pandemic and the impact that has upon the use of KTTC. This risk assessment is in addition to all current risk assessments that the facility has in place.

Every individual using Keighley Table Tennis Centre has a **responsibility** to adhere to Government guidance and the controls and expectations within this risk assessment. Individuals should do everything they can to protect themselves and others including carrying personal hand sanitiser and washing hands frequently.

What are the hazards?	Who might be harmed and how?	What will you do to control the risks?	Any additional actions?	Who needs to carry out the action?	When is the action needed by?	Done
Close contact by those entering the facility	All users and volunteers – easier spread of the virus when in close proximity.	<ol style="list-style-type: none"> 1. Everyone to follow government guidance such as social distancing on the approach to the facility. 2. Reminder to the volunteers overseeing any of their sessions that social distancing should be enforced throughout. 3. Maximum numbers in each room of the centre will be adhered to. 	Make the advice clear to facility users so that guidance can be followed immediately.	Trustees	In place from 26.7.20	Done
Unclean surfaces	All users and volunteers – spread of the virus from frequently touched surfaces.	<ol style="list-style-type: none"> 1. Hire cleaners to regularly clean the facility. 2. Other volunteers to do additional cleaning. 3. All 'high risk' surfaces to be wiped down regularly (surfaces which are touched regularly i.e. door handles, tops of barriers, coffee machine, entry keypad etc). 4. Monitor the frequency of cleaning of high-risk areas. 5. Cleaning schedule to be implemented. 	Liaise frequently with cleaning company.	Trustees.	In place from 26.7.20	Done
Hygiene practice by facility users	Individuals who don't practice good hygiene actions.	<ol style="list-style-type: none"> 1. Hand sanitiser placed in five different locations around the facility. 2. Signs displayed to remind users about good hygiene practice, frequency of hand washing (including upon entry and exit to the facility for 20 seconds using soap and water) and advice when coughing and sneezing. 	Purchase hand towel dispensers and additional pedal bins. On booking confirmation, users asked to carry a bottle of their own hand sanitiser.	Trustees. Individual users.	In place from 26.7.20	Done
